

Table of Contents

Preface	P-1
Technical Report.....	P-1
Executive Summary	P-1
Summary Report	P-1
CFASPP Regional Brochures	P-2
Executive Summary Primers.....	P-2
Chapter 1 – Study Introduction	1-1
1.1 Purpose of the Florida Aviation System Plan.....	1-1
1.2 Role of the FDOT Aviation and Spaceports Office	1-1
1.3 Role of the Continuing Florida Aviation System Planning Process	1-2
1.4 FASP 2035 Update Process.....	1-2
1.5 Stakeholder Involvement	1-3
1.5.1 Comprehensive Review Team	1-5
1.5.2 Florida Metropolitan Planning Organization Advisory Council (MPOAC) and the Florida Transportation Plan (FTP) Implementation Committee	1-5
1.5.3 FDOT	1-5
1.5.4 FAA.....	1-6
1.5.5 FASP Review Team	1-6
1.5.6 Public Engagement Mechanism Development.....	1-6
1.5.7 Bi-Weekly FDOT ASO Team Meetings	1-8
1.5.8 Monthly FDOT ASO Task Team Meetings	1-8
1.5.9 CFASPP	1-8
Chapter 2 – Florida’s Aviation History and Identification of Current Issues	2-1
2.1 Current Florida System Overview.....	2-1
2.2 History of Aviation in the State of Florida.....	2-2
2.2.1 First Commercial Flight in the U.S.....	2-2
2.2.2 First International Flight.....	2-3
2.2.3 Wartime Pilot Training State	2-3
2.2.4 First Modern Terminal to International Gateway	2-5
2.2.5 Aircraft Manufacturing	2-6
2.2.6 One of the Largest Airshows in the World	2-6

2.2.7	U.S. Sport Aviation Expo	2-7
2.2.8	Growth of Population and Tourism Since 1920	2-7
2.2.9	Flight Training and Education	2-9
2.3	Airport Issues.....	2-9
2.3.1	Aging Population.....	2-10
2.3.2	Airline Pilot Shortage	2-11
2.3.3	Autonomous Vehicles (Ground Based)	2-13
2.3.4	Competition for Space Operations	2-13
2.3.5	Contract Towers.....	2-16
2.3.6	Customs & Immigration	2-17
2.3.7	Electric Aircraft.....	2-17
2.3.8	Florida's Economy	2-19
2.3.9	Future of Avgas	2-20
2.3.10	Legalization of Gambling.....	2-20
2.3.11	Medical Certificate Reform for Part 91 Operations	2-21
2.3.12	NextGen.....	2-22
2.3.13	Opening of Cuba Market	2-23
2.3.14	Pandemic Fears.....	2-24
2.3.15	Price of Oil.....	2-25
2.3.16	Reaction to Terrorist Activity	2-25
2.3.17	Reduction in Numbers of GA Pilots.....	2-26
2.3.18	Reliance on Tourism	2-27
2.3.19	Remote Control Towers	2-27
2.3.20	Shortfall of Aviation Maintenance Personnel.....	2-28
2.3.21	Sustainability	2-30
2.3.22	TSA Staffing	2-31
2.3.23	Unmanned Aircraft Systems.....	2-31
2.3.24	Airport Issues Summary	2-32
2.4	Aviation Industry Trends.....	2-35
2.4.1	NextGen Air Transportation System	2-35
2.4.1.1	History.....	2-35
2.4.1.2	NextGen Components and Status of Implementation	2-36
2.4.1.3	Making the Transition to NextGen in Florida	2-39

2.4.1.4	NextGen Summary.....	2-39
2.4.2	Unmanned Vehicles.....	2-39
2.4.2.1	Unmanned Aerial Systems (UAS)	2-40
2.4.2.2	Autonomous Ground Vehicles	2-41
2.4.2.3	Unmanned Vehicles Summary	2-42
2.4.3	Aviation Activities Occurring Within the State of Florida.....	2-42
2.4.3.1	Commercial Service Activity	2-42
2.4.3.2	GA Activity	2-50
2.4.3.3	Aviation Activities Summary.....	2-57
2.4.4	Commercial and GA Pilot Growth Trends	2-57
2.4.4.1	Historical Growth Trends of the Pilot Population.....	2-57
2.4.4.2	Forecasts of Pilot Population and Demand	2-60
2.4.4.3	Pilot Shortage.....	2-63
2.4.4.4	Impacts of a Pilot Shortage on Florida	2-66
2.4.4.5	Pilot Growth Trends Summary	2-69
2.4.5	Review of Boeing and Airbus Industry Outlook.....	2-69
2.4.5.1	Economic Environment	2-70
2.4.5.2	Airline Strategies and Business Models.....	2-73
2.4.5.3	Network and Hub Analysis	2-74
2.4.5.4	Technology and Capabilities	2-74
2.4.5.5	Traffic and Market Outlook.....	2-75
2.4.5.6	Outlook by Region	2-78
2.4.5.7	Pilot and Technicians Outlook.....	2-83
2.4.5.8	Air Cargo Outlook.....	2-84
2.4.5.9	Boeing and Airbus Forecast Summary.....	2-89
2.5	Summary.....	2-89
Chapter 3 – Airport System and Classifications.....		3-1
3.1	Introduction.....	3-1
3.2	Aviation Facilities in Florida	3-1
3.3	Florida's Airport System.....	3-3
3.4	FASP Airport Classifications or Roles	3-11
3.4.1	NPIAS	3-11
3.4.1.1	Primary Airports.....	3-11

3.4.1.2	Nonprimary Airports	3-13
3.4.2	ASSET	3-13
3.4.3	CFASPP Regions	3-16
3.4.4	FDOT Districts	3-18
3.4.5	Strategic Intermodal System (SIS)	3-25
3.5	Summary	3-27
Chapter 4 – System Goals		4-1
4.1	Introduction	4-1
4.2	Selection of Goals	4-1
4.3	Goal 1: Provide efficient, safe, secure, and convenient service to Florida's citizens, businesses, and visitors	4-2
4.4	Goal 2: Contribute to operational efficiency, economic growth, and competitiveness while remaining sensitive to Florida's natural environment and exhibiting social responsibility	4-4
4.5	Goal 3: Support and enhance the position of leadership and prominence held by Florida's aviation industry	4-5
4.6	Goal 4: Protect airspace and promote compatible land uses around public airports	4-6
4.7	Goal 5: Foster technological innovation and support implementation of new technologies	4-7
4.8	Goal 6: Promote support for aviation from business, government, and the public	4-8
4.9	Goal 7: Foster Florida's reputation as a military- and aerospace-friendly state	4-8
4.10	Comprehensive Review Team Survey of Goals and Objectives	4-9
4.11	Alignment with FDOT Source Book	4-13
4.12	Alignment with Florida Transportation Plan Goals	4-14
4.13	Summary	4-17
Chapter 5 – Data Collection and Inventory		5-1
5.1	Statewide System Performance Assessment	5-1
5.2	Existing and Future Mapping Analysis	5-24
5.3	Summary	5-25
Chapter 6 – Aviation Activity Forecasts		6-1
6.1	Introduction	6-1
6.2	Airport Categories	6-2
6.3	Data Collection	6-15
6.3.1	Based Aircraft Data Sources	6-15

6.3.2	GA Aircraft Operations Data Sources	6-16
6.3.3	Socioeconomic Data Source	6-17
6.4	Based Aircraft Forecast	6-17
6.4.1	Based Aircraft Methodologies.....	6-17
6.4.2	Based Aircraft Forecast Results.....	6-19
6.4.2.1	County Population Growth Rate Methodology.....	6-19
6.4.2.2	FAA Aerospace Forecast Methodology	6-20
6.4.2.3	FAA TAF/Straight-Line Growth Methodology.....	6-20
6.4.2.4	Preferred Methodology.....	6-21
6.4.2.5	Preferred Based Aircraft Forecast: FDOT Districts	6-22
6.5	GA Operations Forecast	6-23
6.5.1	GA Operations Methodologies.....	6-24
6.5.2	GA Operations Forecast Results.....	6-25
6.5.2.1	County Population Growth Rate Methodology.....	6-25
6.5.2.2	FAA Aerospace Forecast Methodology	6-26
6.5.2.3	FAA TAF/Straight-Line Growth Methodology.....	6-26
6.5.2.4	Preferred Methodology.....	6-27
6.5.2.5	Preferred GA Operations Forecast: FDOT Districts	6-28
6.6	Forecasts of Operations Above Airport ARC	6-29
6.7	Coordination with Forecasting Methodology Tool Update	6-33
6.8	D/C Analysis	6-33
6.8.1	D/C Process.....	6-33
6.8.2	D/C Methodology and Results.....	6-34
6.9	Air Service & Air Cargo.....	6-48
6.9.1	Overview of the 2016 Florida Air Cargo System Plan Study (2016)	6-48
6.9.1.1	Global and Local Air Cargo Usage	6-48
6.9.1.2	Emerging Market Trends.....	6-52
6.9.1.3	Commercial Service Air Cargo Forecasts.....	6-53
6.9.1.4	GA Air Cargo Forecasts.....	6-54
6.9.2	Overview of the 2016 Air Service Study	6-54
6.10	Summary.....	6-57

Chapter 7 – System Analysis	7-1
7.1 Introduction.....	7-1
7.2 System Performance.....	7-1
7.2.1 Goal 1: Provide safe, efficient, secure, and convenient service to Florida's citizens, businesses, and visitors.	7-2
7.2.1.1 Objective 1.1: Ensure that FASP airports operate at an efficient D/C ratio.....	7-4
7.2.1.2 Objective 1.2: Achieve and maintain 100 percent of primary runways at FASP airports in compliance with FAA and FAC 14-60 RSA standards.....	7-10
7.2.1.3 Objective 1.3: Achieve and maintain 100 percent of nonprimary runways at FASP airports in compliance with FAA and FAC 14-60 RSA standards.....	7-11
7.2.1.4 Objective 1.4: Support protection of people and appropriate land uses and controls of RPZs at FASP airports.....	7-12
7.2.1.5 Objective 1.5: Achieve compliance with F.S. regarding security plans	7-15
7.2.1.6 Objective 1.6: Ensure FASP airports can maintain operational capabilities during disasters... ..	7-16
7.2.1.7 Objective 1.7: Ensure FASP airports address wildlife incompatible uses through appropriate means.....	7-19
7.2.1.8 Objective 1.8: Support FASP airports in meeting FAA airfield geometric design criteria to promote operational safety	7-20
7.2.2 Goal 2: Contribute to operational efficiency, economic growth, and competitiveness while remaining sensitive to Florida's natural environment ...	7-22
7.2.2.1 Objective 2.1: Encourage revenue generation at FASP airports to enhance airport self-sufficiency by assisting airports to develop business plans in accordance with FDOT's Florida General Aviation Airport Business Plan Guidebook	7-23
7.2.2.2 Objective 2.2: Enhance the competitiveness of Florida SIS airports for intermodal enhancement funding. Provide seamless transportation for Florida's travelers from point of departure to destination	7-24
7.2.2.3 Objective 2.3: Encourage economic, environmental, and community sustainability planning for FASP airports.....	7-27
7.2.3 Goal 3: Support and enhance the national position of leadership and prominence held by Florida's aviation industry.....	7-28
7.2.3.1 Objective 3.1: Maintain Florida's status as a national leader in supporting aviation... ..	7-29

7.2.4	Goal 4: Protect airspace and promote compatible land uses around airports.....	7-37
7.2.4.1	Objective 4.1: Encourage FASP airports to work with communities to enact airport zoning ordinances compatible with F.S. Chapter 333 and FDOT's Florida Airport Compatible Land Use Guidebook.....	7-38
7.2.4.2	Objective 4.2: Encourage mapping at FASP airports that is compatible with FAA's eALP standards	7-38
7.2.5	Goal 5: Foster technological innovation and support the implementation of new technologies.....	7-39
7.2.5.1	Objective 5.1: Encourage the development of GPS-based instrument approaches	7-40
7.2.5.2	Objective 5.2: Encourage readiness of FASP airports to meet NextGen requirements	7-41
7.2.5.3	Objective 5.3: Ensure UAS operations are considered in the state infrastructure and airway system in accordance with FAA directives	7-43
7.2.6	Goal 6: Promote support for aviation from business, government, and the public.....	7-44
7.2.6.1	Objective 6.1: Quantify and communicate the economic impact of FASP airports.....	7-44
7.2.6.2	Objective 6.2: Coordinate with EFI to advertise the availability of resources and developable land at FASP airports to aviation-minded businesses around the country.....	7-45
7.2.6.3	Objective 6.3: Encourage airports to maintain pavement in an above average level of condition	7-46
7.2.7	Goal 7: Foster Florida's reputation as a military- and aerospace-friendly state	7-47
7.2.7.1	Objective 7.1: Coordinate with military aviation representatives as it relates to the Florida aviation system	7-47
7.2.7.2	Objective 7.2: Coordinate with military on emergency response coordination efforts.....	7-48
7.2.7.3	Objective 7.3: Measure the economic impact of military aviation in Florida	7-48
7.3	Mapping Analyses	7-49
7.3.1	Drive Time and Population Calculations	7-49
7.3.2	Data Sources.....	7-53
7.3.2.1	Airport Categories.....	7-53

7.3.3	Airports with ATCT	7-54
7.3.3.1	Existing Population Analysis.....	7-54
7.3.3.2	Contract and FAA ATCT Comparison	7-55
7.3.3.3	Future Population Analysis	7-55
7.3.4	Airports with Jet A Fuel.....	7-57
7.3.4.1	Existing Population Analysis.....	7-57
7.3.4.2	Future Population Analysis	7-57
7.3.5	100LL Fuel (avgas)	7-60
7.3.5.1	Existing Population Analysis.....	7-60
7.3.5.2	Future Population Analysis	7-60
7.3.6	NPIAS Airports	7-63
7.3.6.1	Commercial Service Airports	7-63
7.3.6.2	Commercial Service Airports: Expanded Drive Times.....	7-69
7.3.6.3	GA Airports.....	7-74
7.3.7	Strategic Intermodal System (SIS)	7-79
7.3.7.1	Existing Population Analysis.....	7-79
7.3.7.2	Future Population Analysis	7-79
7.3.8	Flight Training.....	7-82
7.3.8.1	Existing Population Analysis.....	7-82
7.3.8.2	Future Population Analysis	7-82
7.3.9	Surface Weather Observation Stations.....	7-85
7.3.9.1	Existing Population Analysis with 30-Nautical Mile Buffers	7-85
7.3.9.2	Future Population Analysis	7-86
7.3.10	Runways of Various Lengths	7-88
7.3.10.1	Existing Population Analysis.....	7-88
7.3.10.2	Future Population Analysis	7-89
7.3.11	Instrument Approaches.....	7-94
7.3.11.1	Existing Population Analysis.....	7-94
7.3.11.2	Land Coverage within 30-Nautical Mile Buffers	7-94
7.3.11.3	Existing Population with 30-Nautical Mile Buffers.....	7-95
7.3.11.4	Future Population Analysis	7-95
7.3.12	Precision Approaches.....	7-98
7.3.13	Business User Accessibility	7-102

7.3.14	Conservation Lands and Their Effect on Development	7-105
7.3.15	Planned Roadway Improvements	7-107
7.3.15.1	Major Roadways with Planned Improvements	7-107
7.3.16	Retirement and Seasonal Residents	7-110
7.4	Intermodal Requirements and Connectivity	7-111
7.4.1	Airport Accessibility Summary	7-111
7.4.1.1	Courtesy and Rental Car Connectivity	7-111
7.4.1.2	Connectivity at Non-SIS airports	7-115
7.4.1.3	SIS Airport Connectivity Analysis	7-115
7.4.1.4	SIS Airport Intermodal Services Summary	7-117
7.4.2	SIS Intermodal Connectivity and LOS Analysis	7-118
7.4.2.1	Daytona Beach International Airport	7-118
7.4.2.2	Destin-Ft. Walton Beach Airport	7-119
7.4.2.3	Fort Lauderdale-Hollywood International Airport	7-119
7.4.2.4	Gainesville Regional Airport	7-120
7.4.2.5	Jacksonville International Airport	7-121
7.4.2.6	Kissimmee Gateway Airport	7-122
7.4.2.7	Melbourne International Airport	7-122
7.4.2.8	Miami Executive Airport	7-123
7.4.2.9	Miami International Airport	7-124
7.4.2.10	Northwest Florida Beaches International Airport	7-124
7.4.2.11	Orlando International Airport	7-125
7.4.2.12	Orlando-Sanford International Airport	7-126
7.4.2.13	Palm Beach International Airport	7-127
7.4.2.14	Pensacola International Airport	7-127
7.4.2.15	Punta Gorda Airport	7-128
7.4.2.16	Sarasota Bradenton International Airport	7-129
7.4.2.17	Southwest Florida International Airport	7-129
7.4.2.18	St. Pete-Clearwater International Airport	7-130
7.4.2.19	Tallahassee International Airport	7-131
7.4.2.20	Tampa International Airport	7-132
7.5	Activity Drivers	7-132
7.5.1	Accommodation and Food Service (Code 72)	7-134

7.5.2	Arts, Entertainment, and Recreation (Code 71)	7-134
7.5.3	Construction (Code 23)	7-134
7.5.4	Finance and Insurance (Code 52)	7-135
7.5.5	Healthcare and Social Assistance (Code 62)	7-135
7.5.6	Information (Code 51)	7-135
7.5.7	Manufacturing (Code 31 – 33)	7-135
7.5.8	Professional, Scientific, and Technical Services (Code 54)	7-135
7.5.9	Real Estate and Rental and Leasing (Code 53)	7-135
7.5.10	Retail Trade (Code 44 – 45)	7-136
7.5.11	Transportation and warehousing (Code 48 – 49)	7-136
7.5.12	Utilities (Code 22)	7-136
7.5	Summary	7-150
Chapter 8 – Alternative Scenarios		8-1
8.1	Introduction	8-1
8.2	Stability of Oil Prices	8-1
8.2.1	Commercial Service Impacts	8-2
8.2.1.1	<i>Ticket Prices</i>	8-3
8.2.1.2	<i>Airline Capacity</i>	8-4
8.2.1.3	<i>Changing Airline Fleet</i>	8-5
8.2.2	GA Impacts	8-5
8.3	Resiliency	8-8
8.3.1	Community Resiliency	8-8
8.3.2	Industry Resiliency	8-10
8.3.2.1	<i>Commercial Service</i>	8-11
8.3.2.2	<i>General Aviation</i>	8-12
8.3.3	Workforce adaptation	8-13
8.3.3.1	<i>Pilots</i>	8-13
8.3.3.2	<i>Maintenance Technicians</i>	8-14
8.3.3.3	<i>Air Traffic Controllers</i>	8-14
8.3.3.4	<i>Airport Operators</i>	8-15
8.3.3.5	<i>Aviation Workforce History</i>	8-15
8.4	Reliance on Tourism	8-19
8.5	Summary	8-22

Chapter 9 – Funding	9-1
9.1 Introduction	9-1
9.2 Financial Comparison of Federal Needs and State Programming	9-1
9.2.1 Overview of Florida Aviation Grant Program	9-1
9.2.2 Examination of FDOT ASO Grant Funding	9-3
9.2.2.1 Current Funding Process	9-3
9.2.2.2 Florida Aviation Grant Program Process	9-4
9.2.2.3 Ability of Funding Processes to Address FASP Goals	9-4
9.2.3 Analysis of FDOT Funding Needs and Programs	9-6
9.2.4 FAA Airport Funding	9-7
9.2.5 FAA-Identified Airport Funding Needs	9-8
9.2.6 Comparison of FAA and FDOT-Identified Funding Needs	9-8
9.2.7 Findings	9-13
9.3 Application of State Strategic Goal Assessment Tool (SSGAT)	9-13
9.3.1 Overview of the SSGAT	9-14
9.3.2 FDOT Five Year Work Program	9-16
9.3.3 JACIP	9-17
9.3.4 Methodology	9-17
9.3.5 Results	9-17
9.3.5.1 Apron	9-18
9.3.5.2 Building – ARFF and Snow Removal	9-20
9.3.5.3 Buildings – Air Traffic Control and Hangars	9-21
9.3.5.4 Ground Transportation	9-22
9.3.5.5 Other Projects	9-25
9.3.5.6 Runway	9-28
9.3.5.7 Taxiways	9-30
9.3.5.8 Terminals	9-32
9.3.6 Findings	9-34
9.4 SIS-Funded Projects Analysis	9-34
9.4.1 SIS Classifications	9-34
9.4.2 Projects Eligible for Funding	9-36
9.4.3 Historical SIS Funding	9-37
9.4.3.1 Funding by Project Type	9-37

9.4.3.2	Funding by Airport.....	9-38
9.4.3.3	Funding by FDOT District.....	9-38
9.4.4	Looking Ahead – SIS Aviation Funding.....	9-39
9.4.5	Looking Ahead – Non-Aviation SIS Funding	9-40
9.4.5.1	Non-Aviation Project Within One Mile of a SIS Airport	9-41
9.4.5.2	Non-Aviation Project Within Five Miles of an SIS Airport	9-41
9.4.6	SIS Findings.....	9-43
9.5	Summary.....	9-43
Chapter 10 – Recommendations.....		10-1
10.1	Introduction.....	10-1
10.2	Florida Airport System and FASP Inclusion Criteria Recommendations.....	10-1
10.2.1	Evaluation of Florida Airport System Facilities	10-1
10.2.2	Evaluation of FASP Study Airports.....	10-2
10.3	NPIAS/ASSET Recommendations	10-3
10.3.1	NPIAS	10-4
10.3.1.1	NPIAS Inclusion Criteria	10-4
10.3.1.2	Changes to Existing NPIAS Airports.....	10-5
10.3.1.3	Recommended Additions to the NPIAS	10-6
10.3.2	ASSET.....	10-7
10.3.2.1	ASSET Inclusion Criteria	10-7
10.3.2.2	Changes to Existing ASSET Airports.....	10-9
10.3.2.3	Recommended Changes to Florida Airports' ASSET Classifications	10-10
10.4	Strategic Intermodal System (SIS) Recommendations.....	10-11
10.4.1	Existing SIS Designation Criteria	10-11
10.4.2	Previous Changes to SIS Designation Criteria	10-13
10.4.3	Recommended Changes to the SIS.....	10-14
10.5	FASP 2035 Recommendations	10-18
10.5.1	Goal 1: Provide safe, efficient, secure, and convenient service to Florida's citizens, businesses, and visitors	10-18
10.5.1.1	Goal 1 Recommendations	10-18
10.5.2	Goal 2: Contribute to operational efficiency, economic growth, and competitiveness while remaining sensitive to Florida's natural environment.	10-18
10.5.2.1	Goal 2 Recommendations	10-19

10.5.3	Goal 3: Support and enhance the national position of leadership and prominence held by Florida's aviation industry.....	10-19
	10.5.3.1 Goal 3 Recommendations:	10-19
10.5.4	Goal 4: Protect airspace and promote compatible land uses around public airports.....	10-19
	10.5.4.1 Goal 4 Recommendations:	10-20
10.5.5	Goal 5: Foster technological innovation and support implementation of new technologies.....	10-20
	10.5.5.1 Goal 5 Recommendations:	10-20
10.5.6	Goal 6: Promote support for aviation from business, government, and the public.....	10-20
	10.5.6.1 Goal 6 Recommendations:	10-21
10.5.7	Goal 7: Foster Florida's reputation as a military- and aerospace-friendly state	10-21
	10.5.7.1 Goal 7 Recommendations:	10-21
10.5.8	FASP Recommendations Alignment with FTP & SIS	10-21
10.6	System Gaps and Opportunities.....	10-24
10.6.1	Additional Airport Analysis: Accessibility	10-24
10.6.2	Additional Airport Analysis: Capacity	10-30
10.6.3	Aviation System Facility and Service Gaps/Opportunities.....	10-33
10.7	IAT and SSGAT Recommendations	10-44
10.7.1	IAT Overview and Recommendations.....	10-44
10.7.2	SSGAT Overview and Recommendations.....	10-45
10.8	CFASPP Recommendations/Enhancements.....	10-47
10.8.1	Number of Meetings	10-49
10.8.2	Outreach Efforts.....	10-49
10.8.3	CFASPP Website Updates.....	10-50
10.8.4	CFASPP Boundaries	10-50
	10.8.4.1 FDOT District Boundaries.....	10-50
	10.8.4.2 Florida Economic Development Regions.....	10-53
10.8.5	CFASPP Summary	10-55
10.9	Follow-On Study Needs	10-55
10.10	Summary.....	10-56

Appendices

Appendix A – Stakeholder Outreach	A-1
A.1 Comprehensive Review Team (CRT)	A-1
A.1.1 Meeting # 1 – August 20, 2015	A-1
A.1.1.1 Agenda	A-1
A.1.2 Meeting #2 – March 22, 2016	A-2
A.1.2.1 Agenda	A-2
A.1.2.2 Presentation	A-3
A.1.2.3 Meeting Summary	A-24
A.1.3 Meeting #3 – June 1, 2016	A-32
A.1.3.1 Presentation	A-32
A.1.3.2 Meeting Summary	A-46
A.1.4 Meeting #4 – August 10, 2016	A-48
A.1.4.1 Presentation	A-48
A.1.4.2 Meeting Summary	A-60
A.1.5 Meeting #5 – December 6, 2016	A-61
A.1.5.1 Agenda	A-61
A.1.5.2 Presentation	A-62
A.1.5.3 Meeting Summary	A-80
A.1.5.4 Good, Better, Best Exercise – District Aviation Coordinators	A-82
A.1.5.5 Good, Better, Best Exercise – Aviation Stakeholders	A-85
A.1.5.6 Demand Drivers Summary	A-90
A.1.6 Meeting #6 – April 11, 2017	A-99
A.1.6.1 Agenda	A-99
A.1.6.2 Presentation	A-101
A.1.6.3 Recommendations Exercise	A-126
A.1.6.4 Meeting Summary	A-128
A.1.7 Meeting #7 – June 27, 2017	A-133
A.1.7.1 Agenda	A-133
A.1.7.2 Presentation	A-134
A.1.7.3 Meeting Summary	A-161

A.2	Florida Metropolitan Planning Organization Advisory Council (MPOAC) and the Florida Transportation Plan (FTP) Implementation Committee	A-169
A.2.1	Meeting #1 w/MPOAC – January 26, 2017	A-169
A.2.1.1	Presentation #1 – Staff Directors' Committee	A-169
A.2.1.2	Presentation #2 – Governing Board	A-187
A.2.1.3	Presentation #3 – Freight Committee.....	A-199
A.2.2	Meeting #2 w/FTP Implementation Committee – November 6, 2017	A-206
A.2.2.1	Presentation	A-206
A.2.2.2	Implementation Committee Meeting Summary.....	A-220
A.3	Florida Department of Transportation (FDOT)	A-224
A.3.1	Meeting #1 – FDOT Modal Meeting – February 15, 2017	A-224
A.3.1.1	Presentation	A-224
A.3.1.2	Meeting Summary.....	A-243
A.3.1.3	Multimodal Trends and Issues Survey Responses.....	A-248
A.3.2	Meeting #2 – Strategic Development Coordination Meeting – June 28, 2017	A-257
A.3.2.1	Presentation	A-257
A.3.2.2	Meeting Summary.....	A-277
A.4	Federal Aviation Administration (FAA).....	A-279
A.4.1	Meeting #1 – FAA Coordination Meeting – December 5, 2016.....	A-279
A.4.1.1	Agenda	A-279
A.4.1.2	Meeting Summary.....	A-280
A.4.2	Meeting #2 – FAA Coordination Meeting – June 26, 2017	A-282
A.4.2.1	Agenda	A-282
A.4.2.2	Presentation	A-282
A.4.2.3	Meeting Summary.....	A-292
A.5	FASP Review Team (FASPR)T)	A-294
A.5.1	Meeting #1 – FASPR)T Meeting – February 19, 2016.....	A-294
A.5.1.1	Agenda	A-294
A.5.1.2	Briefing Materials	A-295
A.5.2	Meeting #2 – FASPR)T Meeting – December 5, 2016	A-297
A.5.2.1	Agenda	A-297
A.5.2.2	Presentation	A-298

A.5.2.3	Meeting Summary.....	A-316
A.6	Continuous Florida Aviation System Planning Process (CFASPP)	A-318
A.6.1	Meeting #1 – CFASPP Update Meeting – February 2017	A-318
A.6.1.1	Presentation	A-318
A.6.2	Meeting #2 – Statewide CFASPP Meeting – July 2017.....	A-328
A.6.2.1	Presentation	A-328
Appendix B – Forecasting Tables.....		B-1
B.1	Based Aircraft Forecast Tables.....	B-2
B.2	GA Operation Forecast Tables	B-37
B.3	Sensitivity Analyses	B-57
Appendix C – Intermodal Connectivity Data.....		C-1
Appendix D – Infrastructure Assessment Tool (IAT).....		D-1
D.1	Commercial Service	D-3
D.1.1	Tourism (CS) and Business Service.....	D-4
D.1.2	Air Cargo.....	D-5
D.1.3	Intercontinental Service	D-6
D.2	General Aviation	D-10
D.2.1	Corporate Service	D-10
D.2.2	Tourism Service.....	D-13
D.2.3	Sport Activity	D-15
D.2.4	Business Activity.....	D-18
D.2.5	Flight Training.....	D-21
Appendix E – Follow-On Study White Papers.....		E-1
E.1	Statewide Airport Resiliency and Disaster Response Assessment.....	E-1
E.2	Business Suitability Study	E-7
E.3	Replace the FAD	E-12
E.4	Detailed Capacity Study	E-15
E.5	Facility, Infrastructure, and Service Guidelines.....	E-18

E.6	Statewide Roadmap to Address Airport Wildlife Hazards for Non-Part 139 Airports	E-25
E.7	RPZ Ownership Data Compilation	E-28
E.8	CFASPP Boundary Evaluation.....	E-30
Appendix F – Final Deliverables.....		F-1
F.1	Executive Summary.....	F-2
F.2	Summary Report	F-19
F.3	CFASPP Regional Brochures	F-102
F.4	Executive Summary Primers	F-247
