

THE ECONOMIC IMPACT OF

Shell Creek Airpark (F13)

Aviation's Benefit for Florida

Florida's economic well-being is intrinsically entwined with its vibrant airport system and its robust aviation industry. The aviation system in Florida allows the state to capitalize on an increasingly global marketplace. Aviation in Florida both sustains and leads economic growth and development. Airports in Florida are important economic engines, and support vital health, welfare, emergency, and safety-related services.

Florida's system of commercial service and general aviation airports are important to businesses throughout the state. Air travel is essential to tourism, Florida's number one industry. Protecting and investing in airports throughout Florida will support the aviation industry and the economic benefits described in this report. With continued support, Florida's dynamic aviation system will continue to provide a significant economic return in the years to come.

Florida's Statewide Benefits from Aviation

Florida realizes significant annual economic benefits from aviation. The Florida Department of Transportation completed a comprehensive economic impact analysis to measure these benefits. Benefits measured in the FDOT study considered direct and indirect economic impacts and induced impacts that result from the multiplier effect. A summary of Florida's annual economic benefits from aviation follows:

Impact Category	 Total Employment	 Total Payroll (BILLIONS)	 Total Output (BILLIONS)
AIRPORTS			
VISITORS ARRIVING BY AIR	170,107	\$8.1	\$36.3
CONSTRUCTION AT AIRPORTS	765,225	\$20.7	\$67.2
MILITARY AVIATION	17,388	\$0.6	\$2.2
AIR CARGO	137,482	\$6.4	\$12.8
AVIATION EDUCATION	129,587	\$5.0	\$10.3
AVIATION BUSINESSES	11,891	\$0.5	\$1.0
FEDERAL AVIATION ADMINISTRATION	76,217	\$2.8	\$13.6
TOTAL ANNUAL ECONOMIC BENEFITS	4,534	\$0.4	\$0.6
	1,312,431	\$44.5	\$144.0

Shell Creek Airpark

Located in Charlotte County along the Gulf Coast of South Florida, Shell Creek Airpark serves the general aviation needs of recreational users and local businesses. With its 2,600-foot turf runway, the airpark can accommodate small single-engine general aviation aircraft. The airpark's clubhouse is ideal for serving both local users and those visiting the area.

Howe Enterprises, an aerial mosquito control service, and Southwest Florida Skydive Club, a local skydiving organization, are the airpark's tenants. Both tenants are critical to the airpark's revenue streams and economic impacts.

The annual economic impact of Shell Creek Airpark is associated with direct impacts that come from its on-site tenants and construction projects that are undertaken at the airpark. Indirect impacts are associated with spending from visitors who arrive in the area via general aviation aircraft.
