

# THE ECONOMIC IMPACT OF Umatilla Municipal Airport (X23)

## *Aviation's Benefit for Florida*

Florida's economic well-being is intrinsically entwined with its vibrant airport system and its robust aviation industry. The aviation system in Florida allows the state to capitalize on an increasingly global marketplace. Aviation in Florida both sustains and leads economic growth and development. Airports in Florida are important economic engines, and support vital health, welfare, emergency, and safety-related services.

Florida's system of commercial service and general aviation airports are important to businesses throughout the state. Air travel is essential to tourism, Florida's number one industry. Protecting and investing in airports throughout Florida will support the aviation industry and the economic benefits described in this report. With continued support, Florida's dynamic aviation system will continue to provide a significant economic return in the years to come.

# Florida's Statewide Benefits from Aviation

Florida realizes significant annual economic benefits from aviation. The Florida Department of Transportation completed a comprehensive economic impact analysis to measure these benefits. Benefits measured in the FDOT study considered direct and indirect economic impacts and induced impacts that result from the multiplier effect. A summary of Florida's annual economic benefits from aviation follows:

Impact Category	 Total Employment	 Total Payroll (BILLIONS)	 Total Output (BILLIONS)
<b>AIRPORTS</b>			
VISITORS ARRIVING BY AIR	170,107	\$8.1	\$36.3
CONSTRUCTION AT AIRPORTS	765,225	\$20.7	\$67.2
MILITARY AVIATION	17,388	\$0.6	\$2.2
AIR CARGO	137,482	\$6.4	\$12.8
AVIATION EDUCATION	129,587	\$5.0	\$10.3
AVIATION BUSINESSES	11,891	\$0.5	\$1.0
FEDERAL AVIATION ADMINISTRATION	76,217	\$2.8	\$13.6
<b>TOTAL ANNUAL ECONOMIC BENEFITS</b>	4,534	\$0.4	\$0.6
	<b>1,312,431</b>	<b>\$44.5</b>	<b>\$144.0</b>

## Umatilla Municipal Airport

Located in Lake County, approximately 56 miles southwest of Daytona Beach and 40 miles northwest of Orlando, Umatilla Municipal Airport serves as a basic utility general aviation airport. With its single 2,500-foot runway, the airport primarily accommodates small single-engine general aviation aircraft. The airport's fixed base operator/passenger area is ideal for serving both local users, as well as those visiting the area.

Aside from airport management, there is currently one tenant at the airport, Aerofuel, LLC, which provides fixed base operator services and flight instruction. Most of the airport's traffic is related to local business activity, followed by recreational and flight training activity.

The annual economic impact of Umatilla Municipal Airport is associated with direct impacts that come from operations at the airport and construction projects that are undertaken by the airport. Indirect impacts are associated with spending from visitors who arrive in the area via general aviation aircraft.
