

The following graphic is an example of how activity at Florida airports generates economic impacts throughout the state.

ACME AIR IS PAID \$1 MILLION TO REPAIR AIRCRAFT

THE MONEY

HOW THE MONEY IS CIRCULATED

\$450,000
DIRECT PAYROLL
Acme Air uses \$450,000 of the \$1 million to pay their workers, including wages and benefits.

\$150,000
TAXES
Acme Air pays \$150,000 of the \$1 million to local, state, and federal taxes.

\$210,000
SUPPLIER PURCHASES
Acme Air pays \$210,000 of the \$1 million to Florida businesses that support their operations, such as machine shops and computer stores.

\$100,000
INDIRECT PAYROLL
\$100,000 of the \$210,000 is paid to workers as wages and benefits.

\$80,000
GOODS/SERVICES
\$80,000 of the \$210,000 is spent on goods and services.

\$30,000
BUSINESS TAXES
\$30,000 of the \$210,000 is paid to business taxes.

\$190,000
LEAKAGE
Acme Air pays \$190,000 of the \$1 million to businesses located outside Florida. This money is expelled from the state economy.

\$110,000
TAXES & SAVINGS
Employees from Acme Air and other in-state businesses use \$110,000 of their earnings on taxes and personal savings.

\$330,000
IN STATE PURCHASES
Employees from Acme Air and other in-state businesses spend \$330,000 of their wages on goods and services at Florida businesses.

\$80,000
INDUCED PAYROLL
Florida businesses pay \$80,000 of the \$330,000 to their workers as wages and benefits.

\$200,000
GOODS/SERVICES
Florida businesses spend \$200,000 of the \$330,000 on goods and services.

\$50,000
BUSINESS TAXES
Florida businesses pay \$50,000 of the \$330,000 to business taxes.

\$110,000
LEAKAGE
\$110,000 is lost to Florida's economy through out of state purchases.

DIRECT PAYROLL & TAXES

\$450,000
DIRECT PAYROLL
\$150,000
BUSINESS TAXES

SUPPLIER PURCHASES

\$100,000
INDIRECT PAYROLL
\$30,000
BUSINESS TAXES

INCOME RE-SPENDING

\$80,000
INDUCED PAYROLL
\$50,000
BUSINESS TAXES

+ Value Added = \$860,000

THE ECONOMIC IMPACT OF

Tri-County Airport (1J0)

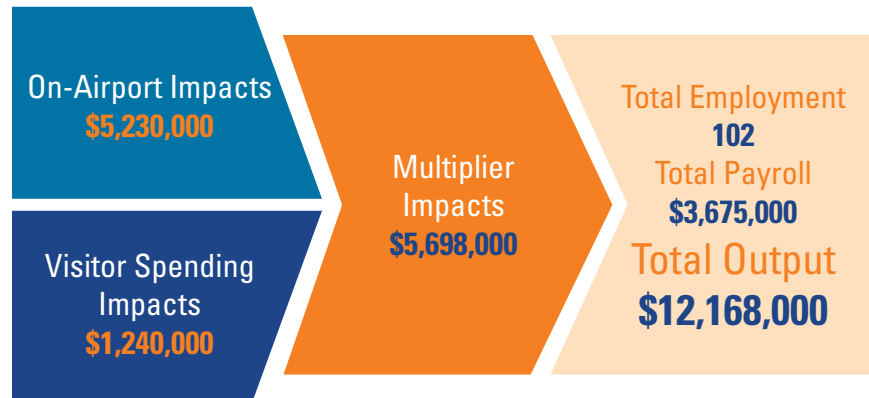

1J0

TRI-COUNTY AIRPORT

Tri-County Airport is located in Holmes County, approximately 60 miles north of Panama City. The airport has one runway, measuring 4,000 feet. The airport accommodates multi-engine general aviation aircraft and serves a variety of general aviation activities for local and visiting users.

The airport primarily supports recreational flying. Transient pilots also occasionally refuel at the airport. The forest service uses the airport for environmental patrol and fire spotting, and private instructors conduct flight training and military training at the airport. The local sheriff's helicopter is based at the airport, supporting local law enforcement. The airport hosts the Experimental Aircraft Association (EAA) Young Eagle's annual Fly-In and provides free flights for children. The airport also supports agricultural spraying, business activity, aerial photography, and emergency medical aviation. Aircraft maintenance is also provided at the airport for local and transient users.

Previous versions of this Study used different terminology to communicate results. The following terms were updated: Direct Impacts changed to On-Airport Impacts and Indirect Impacts changed to Visitor Spending Impacts.

Florida's Statewide Benefits From Aviation

Florida realizes significant economic benefits from aviation. The Florida Department of Transportation completed a comprehensive economic impact analysis to measure these benefits. Benefits measured in the FDOT study considered on-airport impacts, visitor spending impacts, and multiplier impacts.

Florida's 129 public-use airports (including 20 commercial service facilities) are a major economic engine of the State's economy. The aviation system keeps Florida connected to the global marketplace while simultaneously driving local economies. Florida's airports provide space and infrastructure for important activities such as manufacturing, logistics, tourism, and emergency response. Below is a summary of the total statewide economic impact as well as the impact of District 3.

STATEWIDE

DISTRICT 3
